

**WGND WORKSHOP**

# **Strategic Discussion on Repurposing Drugs & Host Directed Therapies for TB**

Tuesday, June 27th • 2:30 PM–4:30 PM

L'Or di Barga Room, Renaissance Tuscany Il Ciocco, Lucca, Italy

**KEY QUESTIONS**

- Given current data, which classes of existing agents should be further developed for TB?
- How to move host-directed therapies into clinical development and incorporating them into current regimens?
- How do we determine host-directed therapy effectiveness for treatment outcomes?

**MODERATOR**

David Barros, GlaskoSmithKline

**FEATURED SPEAKERS**

Petros Karakousis, Johns Hopkins University School of Medicine

Thomas Hawn, University of Washington

Barbara Laughon, NIAID, NIH

Daniel Frank, NIAID, NIH
